Who we are

Better health starts here .

Health® Pharma

Who we are

Health pharma is an Egyptian newly established company with a vision to be one of the leading players in health care

Health pharma focused on two main areas

1. Developing, and commercializing nutraceuticals that improves patients' health & quality of life.

2. Commercialization of imported diagnostics that address unmet medical needs in Egypt

We have a pipeline of three nutraceutical products in the last stage of registration in Egypt that focuses on areas of vitamins deficiency
